MEMORANDUM FOR THE RECORD

12 February 1952

FROM: Acting Chief, Organization and Methods

25X1A8b

SUBJECT: T/O for Central Cover Division, [REDACTED]

1. Action was taken today to establish on the IBM T/O run a Central Cover organization consisting of [REDACTED] positions. This will require cancellation of 12 positions in OPC and 8 positions in OSO which represent as of this date the sum total of positions in both organizations devoted to cover work. It has, therefore, been necessary to increase the CIA T/O by 14 positions in order to accomplish this. Approximately one week ago, [REDACTED] authorized an increase of [REDACTED] in the CIA T/O for the purpose of getting this activity going.

25X9A2

2. At some future time, OSO will come in with a request for creation of a security organization. Sixteen of these positions will come from OPC and seven will come from OSO. OSO is currently anticipating a total of [REDACTED] security positions, but they may decide to reduce this figure so as to avoid a net T/O increase.

25X9A2

3. Cancellations of the appropriate positions as indicated above will be effected when the new T/O's are run.
